

ALL IN COMMUNITY EVENT

Date: 23.5.2023 Time:9AM - 3PM COT (UTC-5)

A part of the ALL IN Strategy is to advance Educational Leadership through Research, Advocacy, and Programs. In the last 3 years we have been very successful in the advocacy and research aspect. In 2023, the focus will be on programs.

Following the transformational leadership in New York, many countries identified their priorities to advance this global agenda. However, leadership is still missing from these priorities.

ALL IN aims to use the meeting in Columbia to discuss the work of the 3 Working Groups which aims to explore topics in Transformational Leadership that could potentially support in advocating policies that focuses on advancing the leadership element to the Transformational Global Agenda. The event will also include a consultation with the UNESCO Global Education Monitoring Report.

AGENDA:

9:00- 9:30 Welcome/ Introduction

9:30-10:30 Sharing 3 Working Groups progress
